End of Session Report

2023 Legislative Session

Prepared by Bravio Communications

Oregon Association of Area Agencies on Aging & Disabilities (O4AD)

The Oregon Legislature adjourned their 82nd Legislative Session on Sunday, June 25 at 4:26 pm. While the session did extend to the final day allowed via Oregon Constitution, the Session was marked by record breaking available revenue, a record-breaking K-12 education budget and a record-breaking walkout that extended six weeks and a mad dash to the end moving bills. Close to 3,000 bills were introduced when Session convened in January.

O4AD did not introduce specific legislation during the 2023 legislative session. The focus for the session was on the Oregon Department of Human Services (ODHS) budget, implementation of the OregONEligibility system issues, the Oregon Project Independence Federal Demonstration Waiver proposal and responding to other issues related to aging and disabilities services. However, as the session began, two other items of importance in aging and disability services rose to the attention of O4AD.

ODHS introduced the Oregon LGBTQ+ Older Adults survey, which was the first of its kind in Oregon. Based on the outcomes from the survey, ODHS filed a legislative concept prior to session which would have established the LGBTQIA2S+ Bill of Rights for Older Adults in Oregon. Due to the process implemented by the Executive Branch for agency requested bills, this legislative concept did not advance. At this point, O4AD stepped in and picked up the concept for introduction. [SB 99](#) was the vehicle used for introduction by the Senate Committee on Human Services. SB 99 was originally a placeholder but ultimately was replaced with language based on the concepts introduced by ODHS. Through extensive work with a broad group of stakeholders, SB 99 ultimately passed the session and will establish a new subcommittee within the Governor's Commission on Senior Services to look at the needs of LGBTQ+ older adults and how those needs are met within state agencies. A bill of rights will be implemented with training and requirements for long term care settings to improve service provision that honors each individual regardless of how they choose to identify.

O4AD also picked up the concept known as Multi-Sector Plan on Aging. This concept is being recognized and implemented in a number of states. Oregon has had conversations in the past on the concept but there was no path for implementation in Oregon. [HB 2869](#), a placeholder bill, was able to be utilized by O4AD for the Multi-Sector Plan on Aging concept. This bill was moved out of the House Early Childhood and Human Services Committee and advanced to the Joint Committee on Ways & Means. Due to a variety of factors including the unique timing of this session, HB 2869 was unable to move forward. O4AD will evaluate options for this concept in the interim.

The Oregon Department of Human Services budget bill, [HB 5026](#), offered a variety of revisions to the ODHS budget for 2023-25. These include:

- Funding for the Healthier Oregon Program which provides health care as well as long term services and support for older adults and people with disabilities regardless of immigration status
- Community based care facilities provider rate increase. This adjustment extended rate increases during COVID and implement new rate increases in 2024 for assisted living facilities, residential care facilities, memory care facilities and in home agencies.
- Oregon Project Independence/Family Caregiver Assistance Program. The Oregon Department of Human Services has submitted a Federal Demonstration Waiver proposal which would bring Federal matching funds to the Oregon Project Independence program along with funds for the Family Caregiver program. Due to delays in approval of this waiver proposal, there were adjustments made and funds committed for the implementation of this waiver once approval is received.
- Access for Individuals who are Deaf and Hard of Hearing. Funds were provided to increase access to services for individuals who are deaf and hard of hearing through grants to community based organizations.

The largest revision to the ODHS budget is the establishment of a new division within ODHS. The Oregon Eligibility Project (OEP). This division houses all eligibility for the ODHS programs across all divisions within this

new department. Eligibility for APD (Aging and People with Disabilities) including work done by Medicaid Area Agencies, will now be housed within this new division.
